- [REDACTED]
- (2) These shipments confirm the large fuel depot in Velten which has both army and air force sections.
- (3) Deliveries by Soviet Zone hydrogenation plants to the Soviet occupation forces. [REDACTED]. No hydrogenation or gasoline plants are known to exist in Trebbin or Perleberg. Fuel depots do not exist there either. There is a possibility that these localities were mentioned as intermediate destinations for the shipments concerned.
- (4) This fuel depot of the Third Shock Army in Magdeburg [REDACTED] was previously known.
- (5) Refers to the fuel depot in Dresden-Alberthafen which is probably assigned to the First Gds Mecz Army.
- (6) The Wittstock supply installation was previously known from rail shipments as a fuel depot and is believed to be assigned to the air force.
